CURES AND COMFORT FOR THE BED-RIDDEN.

—BY—

Holloway's Ointment.

This wonderful Ointment acts like magic in relieving and curing old sores, wounds, bad legs, ulcers and eruptions of the skin; when rubbed on the surface it penetrates and purifies each tissue on its passage, and exerts the most wholesome influence over the internal structure. It heals by cleansing all animal fluids with which it comes in contact, and thereby promotes a sound and permanent cure.

Gout and Rheumatism.

To sufferers from the racking pains of rheumatism and Gout this Ointment will prove invaluable. After fomentation with warm water the soothing action of this Ointment is most remarkable; it seems at once to lessen inflamation, ease pain, reduce the swelling, restore natural circulation, and expels the disease. For the above complaints Holloway's Ointment and Pills are infallible spe-

Diptheria, Bronchitis, Sore Throats, Coughs and Colds.

his class of diseases may be cured by well rubbing th Ointment, three times a day, upon the throat, chest and back of the patient. It will soon penetrate and give immediate relief. In all stages of Influenza, Colds and Bronchitis, this treatment may be followed with efficiency and safety—indeed, it has never been known to fail.

All Varieties of Skin Diseases, Scrofula and Scurvy.

This Ointment is a certain cure for Ringworm, Scurvy Scrofula or King's Evil, and the most inveterate skin diseases to which the human race is subject. They cannot be treated with a safer or more speedy remedy than Holloway's Ointment, assisted by his celebrated Pills, which act so powerfully on the constitution and so purify the blood that these disorders are completely eradicated from the system, and a lasting cure obtained.

Dropsical Swellings.

Beware of this dangerous and stealthy complain which frequently creeps upon us by slight squeamishness or trifling jaundice, of which little or no notice is taken until the legs begin to swell. The cause of the evil must be looked for in the liver and stomach, therefore set to work earnestly by taking Holloway's famous Pills according to the printed instructions and rubbing the Ointment very effectively over the pit of the stomach and right side where those organs lie. Most dropsical cases will readily yield to the combined influence of the Ointment and Pills.

Piles, Fistulas, and Internal Inflammation.

These complaints are most distressing to both body and mind, for as a delicacy concealing them from the knowledge of the most intimate friends. Persons suffer for years from these and similar complaints when they might be Holloway's Ointment with instant relief, and effect their own cure without the annoyance of explaining their ailment to anyone

Disorders of the Kidneys, Stone and Gravel.

Are immediately relieved and ultimately cured if this Ointment be well rubbed twice a day, into the small of the back, over the regions of the kidneys to which it will gradually penetrate and in almost every case give immediate relief; but perseverance will be necessary to effect a thorough cure.

Both the Ointment and Pills should be used in the following cases:—

Bad Legs,	Cancers,	Scalds,
Bad Breasts,	Contracted and Stiff Joints,	Sore Nipples,
Burns,	Elephantiasis,	Sore Throats,
Bunions	Fistulas,	Skin Diseases
Bite of Mosquitoes	Gout,	Scurvy,

The News.

Grim, relentless war, in all its hideousness, still hovers like a bird of prey over the scene of the late European carnage. The sword that was wiped and sheathed may once more be drawn from its scabbard, and foes that had accepted the olive branch again meet face to face to renew with redoubled rancor and hate the deadly conflict. Poor vanquished Austria, seething under the humility of defeat, seeks an opportunity for the redemption of her fallen greatness—the recuperation of her military prestige and renown—in a fresh quarrel with her Southern neighbor, Italy, a power whom she is wont to regard as her inferior. The pretext for causing this fresh disturbance to the peace of Europe arises out of the negociations between Austria and Italy for the cession of Venetia. The Kaiser, according to our telegraphic despatches had shown bad faith, and made immediate demands to which Victor Emmanuel declined to submit. He had also overcharged the debt of Venetia and withheld Venetian property which he was bound to transfer. Prussia had intervened on behalf of her ally, and emphatically declaring that she would not suffer her to be insulted and defrauded, had stayed the homeward march of the Prussian troops from the late theatre of war, and held herself in readiness to sound the war note. What part Louis Napoleon, Austria's fiduciary in the cession of Venetia, has taken or will take in this new complication remains to be seen. It is evident, however, that the far-seeing Emperor, whose transcendent genius had acquired for him the recognised soubriquet of the "master spirit of the age," feels that he was so immeasurably outwitted and checkmated by the recent tide of events in Central Europe, that France has lost her assumed right to the dictatorship of Europe, and sunk, as the *Economist* points out, "into one of many co-ordinate powers." Foiled and baffled in his calculations, Napoleon pockets his disappointment, smothers his vexation, and blandly declaring his devotion to the interests of peace, tries to wash his hands of the whole affair, with a secret resolve perhaps that although his schemes had for once miscarried, the time—*l'idee*—would yet come when Belgium might in some way become involved in the struggle. With the meagre information before us it is difficult to divine what Austria's programme can be. Against Italy alone she might prolong the contest with success, but when Prussia avows her intention of taking up arms against her, her chances of regaining her lost glory in the face of her recent disasters become slim indeed, unless the French Emperor is at her back, hoping to stir up fresh strife, that he may make a second effort to play out his trumps. The news of a fresh Fenian excitement in Canada has the semblance of a canard. It it well known that the correspondents of the New York *Herald* do not profess to adhere to the truth. For instance, during the visit of the Prince of Wales to Toronto, when troubles arose with the Orangemen, the agent of the *Herald* presented himself at the Telegraph office with a message, deliberately stating that the Duke of Newcastle had been fired at, and had himself killed three or four men. The vulgar sheet has from the outset zealously espoused Fenianism, and its reports respecting Fenian movements are never believed, even in the States. The whole thing savors of an attempt to add fresh fuel to the dying embers of the charred scarecrow. Stephens, on his arrival in America, altogether disclaimed the raid on the Canadian border, and declared that the only proper and justifiable channel for operations was in Ireland. But the most ludicrous statement of all is that squads of Canadians were being organised to make retaliatory raids on the American border towns.

WEAK STOMACH OPPRESSION AFTER EATING, &c.—Indigestion takes innumerable shapes. Sometimes the stomach ecomes so sensitive that it rejects even the simplest food; and in other instances, digestion is so painful that the patient is afraid to indulge the appetite. It is in cases like these that the tonic properti s of **Bristol's Sugar-coated Pills** are most strikingly manifested. Mrs Margaret McElroy, of Troy, New York, testifies that for five years, she was nable to get solid food—taking nothing but jellies, rice, and arrow-root—and even these caused her so much uneasiness that she was obliged to limit the quantity to a couple of ounces three times a day. She was terribly emaciated, and to use her own words, "hardly cared to live." After having tried more than twenty modes of treatment, she at length commenced taking **Bristol's Sugar-coated Pills**, and she tates the result as follows: "I am thankful to say that I am quite well. I eat heartily, sleep comfortably, have recovered my flesh, and feel no pain. All this I owe to **Bristol's Sugar-coated Pills** and I earnestly recommend them to all who suffer from weak stomach They are sure." They are put up in glass vials, and will keep in any climate. In all cases arising from, or aggravated by impure blood, **Bristol's Sarsaparilla** should be used in connection with the Pills. For sale everywhere.

SPECIAL TO THE COLONIST AND CHRONICLE.

LAST NIGHT'S DESPATCHES.

Canada.

New York, Sept. 16.—The *Herald's* Canada correspondent says there is no abatement in excitement concerning the Fenians, It is also said that Canadians are organizing squads to make raids upon the American border towns, in revenge for the Fenian raid upon Canada. There is great activity at the Fenian headquarters under Stephens. Important movements may, it is said, be soon expected.

Europe.

Vienna, Sept, 13.—We are on the verge of another war which threatens to equal in extent that just ended, Austria shows bad faith in the negotiations with Italy and has made immediate demands to which Italy will not submit. Austria has over charged the debt of Venetian property which she is bound to transfer.

Berlin, Sept, 4.—Prussia has emphatically notified Austria that she will not suffer, Italy to be insulted and defrauded and that if Austria persists in her present course, war must follow.

Prague, Sept. 14.—The homeward march of the Prussian troops hae been peremptorily arrested.

Dresden, Sept. 14—Everything looks like war, there is no reply from Austria to the notification of Prussia. It is but a question whether the troops will not be again put in motion for Vienna.

Florence, Sept. 16.—The difficulty regarding the Venetian debt is serious, and the execution of the treaty signed at Prague is in doubt.

United States.

New York, Sept. 18.—It is surmised that the Fenians are about concentrating at Ogdensburg, Malone, &c. The Canadian Government shows great activity in military preparations.

New York, Sept. 17.—Emperor Napoleon had addressed the following letter to the late Minister of Foreign Affairs: "Dear M. Drouyn de L'Huys,—I deeply regret that circumstances oblige me to accept your resignation. In relinquishing, however, your company, I am desirous to give you a proof of my esteem by naming you as a member of the Privy Council; this new post will possess the advantage of not breaking off the relations which your enlightenment and devotion to myself and my dynasty have rendered precious to me."

California.

San Francisco, Sept. 18.—H. M. gunboat Sparrowhawk sailed this afternoon, at 3 o'clock, with colonial mail and Admiralty despatch bags, which had been carelessly or wilfully left behind by the steamer Active when she left this port.

Arrived, Sept. 18—Steamer Moses Taylor, 12 days from San Juan del Sur. Sailed, Sept. 18—Steamer St. Louis, Panama; ship Sea Serpent, Hong Kong.

DELAYED DESPATCHES.

Eastern States.

Chicago, Sept. 11—President Johnson arrived at Indianapolis from St. Louis last evening, and his reception ended in a riot, one person being killed and several wounded.—The President attempted to speak, but was choked off with cries for Grant and Farragut. The President will arrive at Cincinnati, but the City Council have voted not to receive him.

Chicago, Sept. 12—The President and party arrived at Louisville yesterday afternoon. The President was well received. An Indianapolis journal says that the disturbance there on Monday evening is deeply regretted, but there was not any personal danger to the President. It thinks the crowd were exasperated that he should receive a partisan reception, and in the crowd and jam it was impossible to do anything with the excited people after the arrival of his train. The casualties that are now known are as follows: Stewart, killed; Rooker, of Hamilton Co., so badly wounded that the amputation of his leg is necessary; R F. Fletcher, Secretary of the Street Railway Company, slightly wounded in the hip; Truckers, shot in the eye; a man whose name is unknown wounded in the stomach, and a woman trampled in the stampede until her life is despaired of. Truckers, who is a Johnson man, acknowledges firing the first shot, and has been arrested.

The trip to Louisville was very successful, with great crowds of people and speeches at all the stations. General Grant left the party at Indianapolis, to visit his parents in Covington, Kentucky, but will rejoin them at Cincinnati to-day.

The Republicans of Cincinnati hearing that General Grant was in town got up a serenade and called him out at the theatre last night, when he said: "I am no politician. The President of the United States is my Commander-in-Chief. I consider this demonstration in opposition to President Johnson, and I cannot and will not meet you. If you have any regard for me, you will take your men away to their homes. I am getting annoyed at this demonstration, for I came here to enjoy this theatrical performance. I will be glad to see you all to-morrow, when the President arrives."

California

San Francisco, Sept 13.—Peter D. Headly, for several years agent for Wells Fargo & Co. at Gold Hill, Nevada, was arrested on the Sacramento boat yesterday afternoon, a few moments before her departure, on the charged of embezzling some $52,000 of the Company's funds at that office. The fact of his defalcation was discovered some two months ago when he was superceded, and upon the discovery of his criminality he made an attempt to blow his brains out, but was unsuccessful. Since then he has remained in Nevada most of the time and no attempts were made to arrest him then although a close watch was kept on his movements. One of the managers of Wells, Fargo & Co.'s affairs, learned he was in Marysville, and steps were about being taken to arrest him here, when he came to this city A warrant was taken out yesterday and placed in the hands of Capt. Lees, who in company with detective Johnson, employed by Wells, Fargo & Co., proceeded to the Sacramento boat and took him into custody immediately after he went on board. Headly made a full confession of his guilt. A preliminary investigation will be had in the police court at one o'clock to-morrow afternoon.

Harriet McGath, a native of Nova Scotia, aged twenty-eight years, was committed to Stockton last evening as insane. She imagines herself the Creator, and thinks she is commissioned to correct the errors of the Catholic Church.

New Zealand.

New Zealand dates are to the 24th of July. The fourth Parliament of New Zealand was formally opened by His Excellency, the Governor, at Wellington, on the 3d of July.

The laying of the submarine cable to connect the northern and middle islands of New Zealand, was to be commenced in a few days. The cable had arrived out safe in the clipper ship Weymouth. Some dredful murders had taken place in the Middle Islands, perpetrated by a gang of miscreants familiar with the prisons of Australia, and who have more recently been infesting the west coast gold fields, and systematically murdering diggers for their money.

Four vessels loaded with coals for the P. N. Z. & A. M. Co., *en route* to Wellington, were wrecked during the late heavy gales on the Australian coast, viz: the Elk, near Sydney, Barricks Midas, Wm. Wilson and Erata. The cargoes of all were lost, but the crews with the exception of the Walton's, were saved.

There is peace everywhere in the North Island, except at Wangagul, where we hear of four hundred rebel Maories, entrenched in a pass along the line of Gen Chutes' march. Major McDonnell, of the Colonial force, is raising a force of 400 men to attack them.

The telegrams which have been received from the various colonies announce the depressing influence which the recent European news has in commercial circles. There is an indisposition to transact business. Severe storms have raged all along the Australian coast, causing everywhere great damage to shipping. The Victoria Parliament had been further prorogued to the 21st August.

Central America.

By the way of Panama, we have Valparaiso dates of Aug. 3d, and Callao of Aug 14th Chilian man of war Henriette had arrived at Valparaiso from England. She experienced much bad weather during the voyage, which caused considerable detention. The debates in the Spanish Cortez in relation to the bombardment of Callao, has caused no little amusement throughout Chili. Admiral Tucker has at length got command of the Peruvian fleet. Senor Montero's conduct in this matter has given very general dissatisfaction. Senor Garcia Mora had been recognized by the Government of Chili as Minister Plenipotentiary from the Republic of Ecuador. There is but little of importance to communicate from Peru during the past fortnight.

☞ A list of passengers by the Panama steamer that arrived at San Francisco on Friday last does not contain Governor Seymour's name, so he will not arrive on the Sparrowhawk.

☞ H. M. S. Sparrowhawk arrived at San Francisco at an early hour yesterday morning, and left yesterday with the mails for this place.

Assault.—A man named Benniker was arrested by officer Tenniel yesterday evening on a charge of assaulting Dr Dickerson, in Oriental alley.

Returned.—Dr Tolmie, Chief Factor H. B. C., returned from Oregon yesterday. Dr Tuzo remains to look after the company's interests in that quarter.

New Goods.—On the second page will be found a list of new goods, imported by Messrs Sproat & Co., per Royal Tar, from England.

Wages.—Jim, a Songish Indian, obtained an order yesterday in the Police Court for payment of $12, wages due to him by Robt. Elford.

Towed In.—The ship Royal Tar was towed in yesterday by the Fideliter, and will discharge the remainder of her cargo on Brodrick's wharf.

☞ When you feel a cough or bronchial affection creeping on the lungs, take Ayer's Cherry Pectoral, and cure it before it becomes incurable. *

Sooke Copper Mining Company.—This company will be wound up, and Mr A. F. Main has been appointed liquidator.

Chartered.—The ship Royal Tar has been chartered by Mr. J. R. Stewart to load lumber at Utsalady for Callao.

☞ At Port Madison, on the 8th, one man had two legs, and another one leg broken while rolling logs.

☞ The Southern Loyalists convention was split into fragments by the Negro sufferage question.

☞ More & Fogus, quartz speculators in Idaho, have failed for a large amount and will drag hundreds with them.

Thanks.—To Capt. Finch, of the steamer Eliza Anderson and Mr Crosby, purser of the Josie McNear, for late papers.

The ships Jeddo and Jay, lumber laden, from Burrard Inlet, are due here. They will secure crews and supplies at this port.

The ship Belmont, for France, with spars, secured a crew and sailed yesterday.

☞ The Fideliter will sail for Portland at 8 o'clock this morning.

GENTLEMEN:—"I had a negro man worth $1 200 who took cold from a bad hurt in the leg, and was useless for over a year. I had used everything I could hear of without benefit, until I tried the Mexican Mustang Liniment. It soon effected a permanent cure."

J. L. DOWNING.

Montgomery, Ala. June 17th, 1859.

"I take pleasure in recommending the Mexican Mustang Linement as a valuable and indispensible article for Sprains, Scars, Scratches or Galls on Horses. Our men have used it for Burns, Bruises, Sores, Rheumatism, &c., and all say it acts like magic."

J. W. HEWITT.

Foreman for American, Wells Fargo's and Harnden's Express.

"The sprain of my daughter's ankle, occasioned while skating last winter, was entirely cured in one week, after she commenced to use your celebrated Mustang Liniment."

ED. SEELY.

Gloucester, Mass. August 1, 1865.

It is an admitted fact that the Mexican Mustang Liniment performs more cures in a shorter time, on man and beast, than any article ever discovered. Families, livery-men and planters should always have it on hand. Quick and sure it certainly is. All genuine is wrapped in steel-plated engravings, bearing the signature of G. W. Westbrook, Chemist, and the private U. S. stamp of Demas Barnes & Co. over the top.

An effort has been made to counterfeit it with a cheap stone plate label. Look closely!

Lyon's Kathairon.

It is a most delightful Hair Dressing.
It eradicates scurf and dandruff.
It keeps the head cool and clean.
It makes the hair rich, soft and glossy.
It prevents hair turning gray and falling off.
It restores hair upon permaturely bald heads.

This is just what Lyon's Kathairon will do. It is pretty—it is cheap—durable. It is literally sold by the car-load, and yet its almost incredible demand is daily increasing, until there is hardly a country store that does not keep it, or a family that does not use it.

BIRTH.

In this city, on the 18th inst., the wife of Mr George Manuell, of a son.

SUICIDE.—John Chapman, an Englishman, aged 45 years, bar-keeper at the White Horse Hotel, Humboldt street, yesterday committed suicide by taking strychnine. It appears that the unhappy man in the afternoon purchased 20 grains of strychnia of a druggist, stating that he wanted to poison a dog. He then mixed the poison with milk and sugar, and having swallowed half of the fatal potion, disclosed what he had done to the landlord, Mr. Balls, who immediately sent for medical aid. Dr Davie arrived about three-quarters of an hour after the poison had been taken, and administered suitable remedies, but without effect. Violent spasms had set in, and during one of the intervals between the spasms, the suicide, in answer to questions put to him by the doctor, said he had taken strychnine in a drunken frolic. He was then sober and showed no symptom of drunkenness. Death took place at a quarter to seven, the draught having been swallowed at about half-past four, p. m. Dissolution was rapid. In intervals between the spasms the sufferer exclaimed, "good bye, I am going." He expressed no regret at what he had done. An inquest will be held to-day.

SAD WRECK.—The last hope of the Monarch of the Sea has vanished. She has gone with her almost 700 passengers, how gone no one can tell. One of her boats has come ashore upon the coast of Ireland, containing five or six dead and half decayed bodies. Some record committed to the waves may yet be found to give us intelligence of her fate, but it is not a mystery of fire, iceberg, collision or foundering from storm or leak. The means of safety at sea need much improvement. We have just heard of a new, excellent, perfectly appointed naval steamer running into another, on a clear calm night, and both going to the bottom. The Cork steamer was built in compartments, but that did not save her, for she was struck exactly between two of them, and both crushed in. The Amazon had no compartments, she was the first of the so-called Alabama class, and has followed her namesake to the bottom of the channel.

DROWNED.—A colored man, named Hawkins, fell from the steamer Fideliter yesterday, while she was engaged in towing the ship Royal Tar from Royal Roads. The unfortunate fellow, who had only signed articles in the morning as second cook, was walking on the rail from the stern locker with a pan of vegetables in his hand, when his foot slipped and he fell under the screw. An alarm was given, but nothing was seen save the poor man's hat. It is supposed that he struck his head while falling, and was drawn down in the eddy caused by the working of the screw.

PIERRE MANCIOT, for many years the popular host of the French Hotel in this city, will leave this morning on the Fideliter for Portland, where he will open a hotel on the principle that he has successfully adopted here. "Pierre" is a thorough business man, and experience has proved that he *can* "keep a hotel." We cordially recommend him to our Portland friends.

HEAVY DAMAGES.—Nick Adams, of Bacon Bar, Leech River, who was expatriated from Washington Territory by a vigilance committee, has recovered $2000 damages against the members of the organization; and —— Higgins, expelled from San Juan Island by order of Capt. Gray, the American military commandant, has recovered $5000 against that officer.

THE ROYAL TAR DISPUTE.—The case against the seaman, John Mackay, charged with assaulting Capt. Mark, of the ship Royal Tar, came up again yesterday in the Police Court, and arrangements having been made to allow the accused to carry out his intention of joining the navy the charge was dismissed.

THE SOUND STEAMERS.—Cheap fare continues the rage on the Sound, and Victorians have found out that "opposition is the life of trade." The stores were crowded yesterday with American ladies and gentlemen who came over for the purpose of making purchases, and a large amount of money must have been received by the storekeepers.

THE CLIO.—The British steam corvette Clio, 22 guns, Capt Turnour, arrived at Panama, August 15th. Since leaving Acapulco, the men of the Clio have suffered severely from sickness. Over one hundred were, we understand at last advices, on the sick list.

COAL MINING.—Mr Landale, C. E., who represents a California Company, departed on the Sir James Douglas for the East Coast of the Island, with four practical coal miners who are charged to examine and report upon the richness of the coal seams at Comox, recently discovered there.

TREASURE SHIPMENTS.—The following treasure was shipped by the Active on Saturday: Bank of British North America, $87,112 17; Bank of British Columbia, $23,215 56; Wells, Fargo & Co., $21,971 88. Total, $132,297 61.

☞ Thirty dollars worth of clothing was stolen from a house on Fisguard street, the other evening, and yesterday a coat, valued at $25, from a clothing store on Government street.

The Dirge of the E——g T——h.

Unhappy Printer, what can be
In misery compared to thee?
Fed by the labor of the *devil*,
You strive to bring men to your level.

Fertile in politics art thou,
Too fertile by one-half I trow;
Like thistles on the fertile soil
Which prey upon the labourer's toil.

All the lands which thou dost see—
All the broad roads we've made for thee—
All the trade which we produce—
With all of them you've played the deuce.

The taxes still unpaid by thee
On lands which made you an M. P.
Would always help to pay the debt
'Gainst which, dishonestly, you fret.

The Homestead dodge before was tried,
And wiser head's than your's espied
The Electric Demagogue's intent
To *keep* the property that's *lent*.

Who the devil sent you here,
To damage, slander, and to jeer,
At those who live by law and order
Within our injured Island's border?

But symptoms of destruction thou
Wer't born to wear upon thy brow;
Already the moth and mildew spread
Upon thy democratic bed.

Along the Alps of human power
Foreboding clouds have ceased to lower;
Your lurid flash illum'ed the town—
But now, thank God, THE WIRES ARE DOWN!

VICTORIA HOUSE.—60 cases of Fall Goods have just been received at this establishment per Royal Tar, and the goods will be ready for inspection in a few days. Particulars as per advertisement on second page. *

Chlorodyne.

CHOLERA, DYSENTERY, DIARRHŒA, CRAMP, AGUE, FEVER, RHEUMATISM, CONSUMPTION, ASTHMA, COUGH, &c.

ALL PAIN, VOMITING AND DISTRESS ceases in a few minutes after taking a dose of that wonderful SEDATIVE ANODYNE and ANTISPASMODIC remedy, CHLORODYNE, discovered by Dr J Collis Browne M.R.C.S.L., (ex-Army Medical Staff,) the recipe of which was confided solely to J. T. Davenport, 33 Great Russell street, Bloomsbury square, London (Pharmaceutical Chemist) The medical testimony of civil, hospital, military and naval practitioners pronounces it INVALUABLE. It relieves pain of any kind, soothes the restlessness of fever, and imparts the most refreshing sleep, without producing or leaving any of the unpleasant effects of opium.

Earl RUSSELL has graciously favored J. T. Davenport with the following extract of a despatch from Mr. Webb, H. B. M's Consul at Manilla, dated Sept. 17, 1864:—"The remedy most efficacious in its effects (in Epidemic Cholera) has been found to be CHLORODYNE, and with a small quantity given to me by Dr Burke I have saved several lives." Earl Russell communicated to the College of Physicians that he had received a despatch from Her Majesty's Consul at Manilla, to the effect that cholera had been raging fearfully, and that the ONLY remedy of any service was CHLORODYNE.—See "Lancet," December 31, 1864.

From W. Vesalius Pettigrew, M.D., Hon. F.R.C.S. England; formerly Lecturer upon Anatomy and Physiology at St. George's School of Medicine: "I have used it in Consumption, Asthma, Diarrhœa and other diseases, and am most perfectly satisfied with the results."

Dr. Gibbon, Army Medical Staff, Calcutta: "Two doses completely cured me of Diarrhœa."

Extract from the General Board of Health London, as to its efficacy in Cholera.

"So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases."

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay: "Chlorodyne is a most valuable remedy in Neuralgia, Asthma and Dysentery. to it I fairly owe my restoration to health after eighteen months severe suffering, and when all other medicines had failed."

CAUTION.—In consequence of the extraordinary efficacy of this remedy, several unprincipled parties have been induced to vend imitations. Never be tempted to buy Chlorodyne except in sealed bottles, having the words, "Dr. J. Collis Browne's Chlorodyne" engraved on the wrapper. A sheet full of medical testimonials accompanies each bottle. Sole manufacturer, J. T. DAVENPORT, 33 Great Russell street, Bloomsbury, London. Sold in bottles, 2s. 9d and 4s 6d. jy24 lyw

Ayer's Sarsaparilla,

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREAUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE, OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

DR. J. C. AYER & CO.,

LOWELL, MASS.,

Ayer's Cherry Pectoral

has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

TO THE UNFORTUNATE.

NEW REMEDIES, NEW REMEDIES

DR. GIBBON'S DISPENSARY

617 KEARNY STREET, NEAR COMMERCIAL, San Francisco, established in 1851, for the treatment of Sexual and Seminal Diseases, such as Gonorrhea, Gleet, Stricture, Syphilis, in all its forms, Seminal Weakness, Impotency, etc., Skin diseases (of years standing) and Ulcerated Legs successfully treated.

DR. GIBBON has the pleasure to announce that he has returned to this State, after an absence of one year during which time he visited all the principal Hospitals of Europe, among them those of Dublin, London and Paris. The following celebrated Hospitals of London are among those visited by the Doctor: Guy's, High street, Borough; St. Bartholomew's, Smithfield, St. Luke's, Old street, St. Mary's, Camb. Place, Pad.; Lock, Harrow Road; University, Gower street; Westminster, Broad Sanctuary; Charing Cross, Agar street, Strand; London, Whitechapel Road; Royal Free, Gray's Inn Road; King's Cottage, Portugal street.

DR GIBBON has also visited Drs. Acton, of London, Parker, of Birmingham, Eng. and Ricord of Paris, who are considered the best Physicians and Surgeons in the world, and whose authority is acknowledged to be the highest in the treatment of Sexual Diseases.

DR. GIBBON has obtained from them their new mode of treatment, which cannot be surpassed.

DR. GIBBON has spared neither time or money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering.

Horrible Diseases

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system. Look at their pallid, emaciated and disfigured faces, and their broken down constitutions, disqualifying them from the happiness of marriage or of the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of these horrible, life-destroying maladies—see that they are cared for, and cured before it be too late. Send them immediately to DR. GIBBON, a physician who has made private diseases his especial study for years, who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended Doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful, and make strict inquiry, or you may fall into the hands of those charlatans.

Seminal Weakness

Seminal Emissions, the consequent of self abuse. This solitary vice, or depraved sexual indulgence, is practiced by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the joints, weakness of the limbs, confused vision, loss of intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. If DR. G. will give one hundred dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

DR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure or make no charge.

Persons at a distance may be cured at home, by addressing a letter to Dr Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use, for Ten Dollars, sent in registered letter or through Wells Fargo & Co.

Dr Gibbon's method will not interfere with the ordinary occupation of the patient while under treatment.

Address Dr J. F. Gibbon, 617 Kearny street, near Commercial, San Francisco, Post Office Box No. 252.

Consultations FREE.

Prevention better than Cure

The newly invented Patent French safe, a sure preventive against diseases and pregnancy, sent by mail—price, $2. Address Dr J. F. Gibbon, 617 Kearny street near Commercial, San Francisco, Post Office Box 252.

Caution to the Unfortunate

Beware of the San Francisco quacks and pretenders, who, with bogus sworn to certificates, dupe the unwary. Some of the self-styled doctors, whose names are to be found in the daily and weekly newspapers of San Francisco and other places, are tradesmen, and became too lazy to work at their trades. Some are tinsmiths, shoemakers, newspaper carriers, intelligence office keepers, etc. Look over the San Francisco Directory and you will not find their Medical Institutes in it, but you will find their former occupations in it. Look at the Direct ry for 1862 and 1863. The only way to avoid imposition is to make enquiry—it will cost you nothing and may save you many regrets; for, as advertising physicians, in eight cases out of ten, are bogus, there is no safety in trusting any of them until you know who and what they are. Dr Gibbon does not deceive people by exhibiting bogus titles, certificates, pretended patient's letters, etc. Dr Gibbon will satisfy persons who may call at his office, of his ability to treat diseases that he proposes to cure.

Consultations free.

Persons writing Dr Gibbon, will please state that they see his advertisement in the COLONIST & CHRONICLE.
